The **Indoor Golf Alliance Annual Conference** is the premier global gathering for the indoor golf and technology ecosystem, bringing together manufacturers, suppliers, facility operators, leagues, instructors, and entrepreneurs under one roof. Designed as the industry's central hub for connection and education, the conference delivers high-impact insights, professional development, and peer-to-peer networking that accelerates growth across every segment of the market.

Through forward-looking content, live demonstrations, and meaningful collaboration, attendees gain practical tools, market intelligence, and strategic partnerships that drive innovation and elevate their businesses. More than a conference, it is where the indoor golf community aligns, advances shared standards, and actively shapes the future of the sport worldwide. The Indoor Golf Alliance Conference will have a dedicated footprint within SEICon III (The Sports, Entertainment and Innovation Conference).
